REMEMBRANCE DAY — Canadian soldiers solemnly raise their rifles to the sky and salute men of the armed forces who sacrificed their lives in the battlefields during the last World Wars. This year the phrase "Lest We Forget" will take on an especially grim note, as people still sigh with relief over the settlement of the Cuban crisis, which put the world teetering on the brink of nuclear war.

Peter Erasmus Loses His Way While Hunting North Of McRae

McRAE — When Peter Erasmus did not come at the appointed time the other day, after he and Robin Littlechilds and John Whitford went hunting north of the McRae district, they thought he had gone home. After waiting for a while they went home too. But Peter was lost.

After walking for several hours he realized that he had lost his way and thinking that he was going home, he apparently kept going east instead of south. With the days growing shorter and a heavy fog coming up, Peter was not sure which way to go.

When he sat down to rest he could hear someone hammering, although the sound was faint and far away. Luckily the hammering continued, so Peter could follow the sound. By this time he was tired and hungry. Although he had shot a partridge he could not cook it as he had no matches with him.

Finally he came to a fence and, after following this for a time, he suddenly realized that he was in the Sugden district, east of McRae, on the farm of George Davies. This is some eight miles from his home and many more miles from where he had left his partners.

Realizing that his wife and family would be worried about him, Peter did not stop anywhere, but walked home, following the highway, and reached home around 9:00 that evening.

Says Peter, "I am going back to see that bush, but this time it will be in the daytime, just to find out how I got lost. I thought I knew the country pretty well, and can't understand how I missed my way, to end up in Sugden. It could have been because of the fog."

Freedom of speech does not mean much to a man who is afraid to express himself.

The Homemakers

By B. M. McCUTCHEON, District Home Economist, Westlock

PLANNING YOUR LAUNDRY AREA

Home laundry has come a long way from the day when our grandmother used to devote one grim, terrible day a week to it. Today's modern laundering appliances make washing so much simpler, that many women spread washing chores over the week accomplishing other important work at the same time.

B. McCutcheon

The ideal laundry room is small, perhaps 8½'x10' or 9'x9'. It should be well vented, well lighted, adequately wired, and have an easy to care for floor covering. Many steps can be saved when you have laundry equipment on the main floor.

The methodic laundering routine consists of collecting, sorting, mending, removing stains, washing, rinsing, drying, sprinkling, ironing, airing and storing clothes. This order of work should be kept in mind when you plan your laundry room. A U-shaped plan is the most step saving. A straight line, and L-shaped or a corridor plan are all quite satisfactory too.

You will want cupboards in the well planned laundry room for storing soaps, detergents, bleaches, bluing, starch, etc. If your laundry room is on the main floor you may want to include a broom closet here. Work counters will be needed for sorting clothes, and as a base for stain removals. They should border set tubs if you have them.

With a conventional type washing machine, two tubs are desirable. With automatic equipment, set tubs are not necessary in a combination laundry kitchen. If the laundry equipment is in a separate room or in the basement, homemakers quite frequently install one set tub for miscellaneous uses such as floral arranging, stain removal, washing the dog and so on. In this case, it is an added convenience rather than a necessity.

The modern laundry contains four major appliances — the storage electric or gas water heater; the automatic or conventional washing machine, the electric or gas clothes dryer, and the ironing equipment. In selecting a laundry location, be sure your space is adequate for these appliances.

If there are breakfast skippers in the family, fortify them for the day by serving a 6 to 8 ounce glass of fruit juice with an egg beaten into it. Thousands of people had an opportunity to sample this delicious food drink at recent exhibitions in Canada. If the thought of a raw egg might deter the family from sampling this Poultry Products Institute "Poptail", don't tell them how it is made. There is absolutely no egg flavour to it.

Plamondon Community League Plans Construction Of Rink

A new project for Plamondon School is underway. This project, being organized by the community league, concerns the building of a new skating rink.

The new rink is to be built on the north-west corner of the school yard. It will measure 200 by 85 feet and have eight lights along the north and south sides of the rink. The 1000 watt flood lights, costing $25 each, will be 22 feet above the ground.

The fence will be two inches thick and have four by four supports. Since the fence must be removable, as it covers considerable playground space, it will be taken apart in the spring and stored in the club house.

New goal posts and nets for the rink are being bought by the Students' Union.

The Community League hopes to get financial aid from the Knights of Columbus and the town businessmen, besides the $300 donation from the Students' Union. The total cost of the rink will be approximately $2000.

Lac La Biche Host At Mink Show

Pigeons fly in fright when they see the owl guarding the home of Dorothy Smith of Toronto. She bought the stuffed bird from a taxidermist when the pigeons became a nuisance. First she put mothballs in the eaves and the pigeons vacated the nests. Then she added the owl and about 18 pigeons fled.

Breeders From Entire Province To Exhibit Over 300 Live Animals

Lac la Biche marks another milestone this week when they play host to the 24th annual All-Male Live Mink Show sponsored by the Alberta Mink Breeders Association on November 9 and 10.

This year, for the first time, the show will be staged by the Lac la Biche - Plamondon Mink Breeders' Association and will be held in the town of Lac la Biche, one of Alberta's most productive mink farming districts.

In past years the show has been held alternately between Edmonton and Calgary, with a change last year to Slave Lake.

There are an estimated 40 mink ranchers in the Lac la Biche-Plamondon area and approximately 80 ranchers in the Slave Lake district.

Breeders from all over the province are expected to exhibit at the show this year with entrants numbering between 300 and 400. From 20 to 40 exhibitors are expected at the event which will be open to the public.

Because of an outbreak of disease in the Calgary area there will be no representation at the show from ranchers in that district.

The show will be held at the Lac la Biche Curling Rink, with judging commencing at 1:00 p.m. on Friday, November 9, and continuing till 5:00 p.m. and then starting again, Saturday, November 10, from 10:00 a.m. until 5:00 p.m. The show building will be open for the receiving of show animals from 1:00 p.m. Thursday, November 8, until 9:00 a.m. Friday, Nov. 9.

Saturday, November 10 from 2:00 p.m. to 4:00 p.m. has been designated Citizens' Day. Judging will continue at this time and the building will be open to the public.

At this time the public will be invited to participate in a judging contest.

Special pens and display tables have been set up at the curling rink which has been installed with special lighting arrangements to facilitate judging.

Awarding of trophies to the winners will take place Saturday. There will be a total of 24 different classifications at the show.

Awards include $25 in cash to the show champion with the reserve champion to receive a cash award of $15.

The first in each class will receive $5 in cash; the second in each class will receive $3 and the third in each class will receive $2.

The three top winners of the aggregate points will receive trophies and the grand aggregate winner will be awarded Hudson's Bay blankets.

Judge at this year's show will be the well known western mink judge, Ted Pappas Jr. of Vancouver. This will be the second consecutive year that he will preside as judge for the Alberta show.

The show superintendent this year is C. R Scheltons from the Lac la Biche district.

Michael Steffin is the president of the Lac la Biche Mink Ranchers' Association.

A banquet has been planned in honor of the event and will be held Friday evening at the Community Hall. It will be open to the public and advance ticket sales to this date indicate considerable public interest in the event.

"We are very pround of our town" commented a Lac la Biche resident, when questioned on the part the town will play in hosting the show, "We hape that Lac la Biche will become a convention center for Northern Alberta."

STOCKHOLM — Soviet physicist Lev Davidovic Landau, who recovered four times from "clinical death" after an accident, was awarded the Nobel physics prize Thursday for his research on gases.

Two British scientists shared the chemistry prize.

They will share the $50,000 prize, the same value as Landau's.

University Entrance Requirements To Be Uniform In Canada

The national conference of Canadian Universities and Colleges has taken several steps to bring about uniform testing and entrance examinations for students across Canada.

University of Alberta president, Dr. Walter Johns, who is chairman of the Conference's Common Entrance Examinations Committee said the committee hopes to have "a testing program established in the next couple of years."

He said there is a great deal of interest across Canada in some method of discovering the aptitude of students for higher education and the achievement at some point near the end of the high school program.

Dr. Johns said the uniform testing is not intended to replace the provincial examinations system but rather to supplement it and secure something that will be common across Canada.

He said this is in the main for purposes of university admission and placement but it could be used for admission to technical schools or high schools, for those students who move from province to province.

Dr. Johns said the College Entrance Examination board of New York and the Educational Testing Service of Princeton, New Jersey have promised their support. The Canadian Universities Foundation is also studying the matter.

Plant Decorative Nut Trees

NUT TREES are easy to grow, easier than fruit trees, and many are handsome shade trees. Most nut trees are long-lived. The newer varieties offered today by nurseries have been modernized and their fruit speeded up.

One of the ornamental nut trees attractive enough to be grown in the lawn area is the tropical-looking, quick-growing Japanese walnut, also called heartnut. Culture is the same as for other walnuts. As shown in the accompanying Garden-Graph, the nuts are similar in size, shape and flavor to the English walnut.

The hardy, northern pecan nut tree should not be confused with the southern pecan. It is an ideal tree for the lawn. It does not shed its leaves until late in the fall and is practically immune to insects in the north.

As shown, the nuts are of good size and excellent quality. As with most nut trees, two trees are required for good pollination.

The hardy pecan will grow any place where there is good soil. It adapts itself to different conditions and is ornamental in appearance. In time, of course, it grows to a considerable height.

Grafted strains of the blight-resistant Chinese chestnut are another fine shade tree, growing 50 to 60 feet high. The trees often begin bearing nuts when only four feet tall. As shown, the nuts are larger than those of the American chestnut.

Before returning to Paris from France's biggest post-war army maneouvres, President Charles de Gaulle presents a "Plaque of Great officer of Legion d'Honeur" to Gen. Morel. But first he has to pick it up after it slipped from his hand. The general's full name was unavailable.

Miss Carol Hurum Awarded Scholarship At Grad Dance

Miss Carol Hurum of Holden was awarded a $500 Hotel Association scholarship at the Holden graduation dance held recently at the Holden gym.

Local hotel manager Joseph Padlecki made the presentation of the cheque, with a wish for Carol's future success. Mr. Padlecki stated that in 10 years an amount in excess of $300,000 has been awarded in scholarships to deserving Alberta students. This was the second year in a row that an occasion of this kind has been marked in Holden, as Miss Dorothy Yarema, daughter of Mr. and Mrs. Harry Yarema of Holden, received a $500 scholarship last year.

The Alberta Hotel Association awarded 65 scholarships last year, totalling $27,250, plus $3,000 for students at the Banff School of Fine Arts and a further $2,000 for the Food Training Plan at the Calgary Institute of Technology and Art. Financial assistance to worthy students finding difficulty in financing their high school training accounted for a further $920. Applications are increasing considerably each year, as the Alberta Hotel Association received 725, as against 604 last year. This year the AHA granted 64 scholarships to first-year University of Alberta students, totalling $27,250. In addition, they donated the usual $3,000 to the Banff School of Fine Arts, 23 scholarships to the Calgary Institute of Technology and Art and special fund assistance to 24 students.

Miss Hurum is the daughter of Mr. and Mrs. Otto Hurum of Holden. Carol received all her education in Holden and is now entering the field of education at the University of Alberta.

And the maker of a verse
Cannot rhyme his "horse" with "worse?"
"Beard" sounds not the same as "heard";
"Cord" is different from "word";
"Cow is cow but "low" is low;
"Shoe" is never rhymed with "foe".
Think of "hose and "dose" and "lose";
And think of "goose" and yet "choose";
Think of "comb" and "tomb" and "bomb',
"Doll" and "roll" and "home" and "some".
And since "pay" is rhymed with "say"
Why not "paid" with "said," I pray?
Think of "blood" and "food" and "good";
"Mould" is not pronounced like "could".
Wherefore "one", but "gone" and "lone"—
Is there any reason known?
To sum up all, it seems to me
Sounds and letters don't agree.

Grads And Staff Pay Tribute To Model Student Jeanne Muller

BONNYVILLE — The 1962 graduating class and the Bonnyville school staff are pleased to pay a special tribute to Jeanne Muller, 17 years old, a model student. Jeanne's ideal was to be a perfect student; from Grade 1 to Grade 12 she constantly strove to reach her goal.

She became proficient in both English and French; won the provincial French ACFA prizes and scholarships in Grades 10 and 12, a total of $140. Futhermore, in Grade 12 June examinations, Jeanne obtained an average of 86.7 — 100 per cent in French 30 and 99 per cent in English 30. She won the Bonnyville Board of Trustees' annual $50 scholarship to the most deserving Grade 12 student; the ACFA local prize of $10 and a prize of $25 from the CWL for catechism.

Her outstanding achievement, her spirit of co-operation, made of Jeanne an all-round student. She also participated in extra-curricular activities, was an active member of the Catholic Action Club, played on the school basketball team, enjoyed classical and semi-classical music.

The staff and students wish to congratulate Jeanne for her academic excellence, her school spirit, for the credit she has been to her school, to her graduating class and to her family. The trophies and awards she has won will remain in her Alma Mater as a perpetual evidence of excellent achievement.

JEANNE MULLER

Jeanne continues her search of beauty and perfection in the religious life. She entered the Novitiate of the Sisters of the Assumption on September 24.

The best wishes of the staff and students of Notre Dame High School, Bonnyville, accompany Jeanne in her chosen career.

MR. AND MRS. JOSEPH CLOSE

Mabel Skjersven, Joseph Close Married In Double-Ring Ceremony

CHERRY GROVE — The altar of Saint Paul's United Church, Cold Lake, was decorated with beautiful fall flowers for the marriage of Miss Mabel Louise, daughter of Mrs. Lillian Skjersven and the late John Skjersven of Woodbine, and Mrs. Joseph Samuel Close, son of Mr. and Mrs. Robert Close of Richmond, B.C.

Rev. Stenson conducted the double-ring ceremony.

The bride, given in marriage by her brother, Mr. George Skjersven, was charming in a white floor-length gown of lace and net over satin, with a square neckline. The bodice was lavishly sewn with pearls and sequins and featured graceful lily-point sleeves and a bouffant skirt swirled over net crinolines.

Her veil of nylon illusion net was held in place by a coronet of sequins and pearls. She carried a cascade of red roses and fern. Her only jewelry was a single drop-pearl necklace.

She was preceded down the aisle by four flower girls, nieces of the bride, Lois and Esther McFadyen and Debra and Kathy Skarsen.

Bridesmaids Miss Grace Skjersven, the bride's sister, Miss Isobel Sommers and Miss Judy Skarsen wore pastel pink waltz-length gowns with very full skirts and floral head bands. They each carried colonial bouquets of mixed flowers.

The groom was attended by his brother, Mr. Earling Close. Mr. Kenneth Skjersven and Mr. Stanley Snider were ushers.

During the signing of the register, Mrs. Ronald Sinclair sang "I'll Walk Beside You," accompanied by Mrs. Pinsky, who supplied the wedding music.

A reception followed in the Woodbine Hall for 87 guests. The bride's table was decorated with pink and white carnations and centered by a three-tier wedding cake. Earling Close proposed the toast to the bride and Mr. Robert Close, the groom's father, toasted the couple.

For the occasion, the bride's mother chose a sheath dress of American beauty lace, white accessories and a corsage of white carnations.

The groom's mother wore a pale blue wool sheath dress, with white accessories and a white carnation corsage.

Out-of-town guests were Mr. and Mrs. Robert Close of Richmond, B.C.; Mr. and Mrs. George Skjersven of Wetaskiwin; Mr. Carl Jensen of Millet; Norman Skjersven, Mrs. Elsie Barry and Mr. and Mrs. Steve Stasiuk, all of Edmonton; Mrs. Dorothy McFadyen of Heath; Mrs. Helen Heigh and family of Lashburn, Sask.; Miss Jeanette Skjersven of Stettler and Iver and Kriss Skjersven of Beaver Dam.

The young couple honeymooned in the district and are leaving from Trenton, Ontario, on October 25 for Germany, where they will be stationed with the RCAF.

Voters ought to have sense enough not to be influenced by false issue raised by candidates who are afraid of real facts.

Damage to the two cars was estimated at $170. Both drivers were Bonnyville residents and were under 25.

Another rear-end collision took place on Oct. 16, resulting in damage to one car of an estimated $300. No charges will be laid as road construction in the area required an unexpected stop. Neither of the drivers were Bonnyville residents.

On Oct. 19, a Bonnyville farmer driving a 1956 Dodge was sideswiped by a 1960 Pontiac, when he attempted to back out of a driveway. Damage to the two cars was estimated at over $250. Charges are expected to be laid.

Beaver Valley District Council Plans Boy Scout Family Program

A letter addressed to all parents of Cubs and Scouts and to all persons interested in the character training of boys, the Beaver Valley District Council, Boy Scouts of Canada, contained an explanation of Scouting and Cubbing.

"Scouting and Cubbing," the letter said, "are designed to supplement the influence of the church, the home and the school in its training of the boy. Therefore, Cubbing, particularly, must be a family program if it is to succeed in its purpose. All parents of all members are expected to play an active part in the life of the Cub. There are several ways in which you can do this. As an active leader, as a member of the Group Committee or as a member of the Ladies' Auxiliary.

"There will be a registration night for all Cubs and Scouts for the coming year on October 17 in the school at 7 p.m. All Cubs and Scouts desirous of becoming members in the new year, commencing November 1, must be accompanied by parents. No boy will be accepted as a member unless accompanied by one or both parents.

"All aspects of the program and the administration of a group will be outlined to parents at this meeting.

"It is hoped that this year we will be able to organize an active Ladies' Auxiliary to assist the group in its operation.

"Unless we receive full co-operation from all parents this year, we fear we will be forced to close the Cub pack in Grand Centre."

Correct this sentence: "It's all my fault; have your automobile fixed and send me the bill."
